6	Removal of the old mill at corner of Church and Hwy.	Aug 27, 2012 3:06 PM
7	We need some sort of grocery store and a center for the kids.	Aug 27, 2012 1:48 PM
8	Attitudes of distrust. We need to feel more like we all are working towards the same thing. More trees. As a town in Oregon we should be proud of and wanting to showcase a great natural treasure and more cautious in cutting them down for questionable purposes.	Aug 27, 2012 8:51 AM
9	need better places to eat in town. we need a really good place that is not too expensive and very good food that will bring people in town and not drive through.	Aug 27, 2012 8:31 AM
10	More trees, especially along the streets, and fewer cut down.	Aug 27, 2012 7:50 AM
11	There need to be more trees planted, and less trees cut down. More of the streets in town need street trees, and downtown definitely needs more trees. Numerous studies have shown that trees improve quality of life in every category. Trees make a town safer, healthier, more attractive, cooler, more affluent, and raise real estate prices. Mt. Angel is seriously lagging behind other towns in maintaining and planting trees. The best trees to plant would be trees native to Oregon, such as the Oregon White Oak, or the Douglas Fir.	Aug 27, 2012 7:25 AM
12	A reasonably priced grocery store that would meet the needs of the many lower income families such as Save-A-Lot or Aldi. More affordable homes for families. An affordable Catholic School would also be nice.	Aug 26, 2012 9:23 AM
13	A community center for students to go to after school.	Aug 24, 2012 3:22 PM
14	We need to enforce the code and have people clean up their properties.	Aug 24, 2012 11:22 AM
15	Increase tax base to support services that city offers.	Aug 24, 2012 11:01 AM
16	Strategic business relationships to be able to provide efficient and affordable care for the local citizens and encouragement to understand why they should support the local commerce and the detrimental effects to our community should society continue to evolve the way it currently is with big chains (and government support) striving to eliminate the independent businesses in order to better control commerce from merely governmental standpoint. The community needs to be educated on how Mt. Angel will change without local consumer support.	Aug 24, 2012 9:59 AM

Page 1, Q7. What needs to change in the community over the next 5 years?

17	I'd like to see abandoned and run-down properties improved--perhaps the owners may need some support and encouragement. Maybe we need some City service project initiatives to assist elderly or poor residents with fixing or cleaning up their properties. I'd like to see vacant lots that have sat unused for years be turned into community gardens, where people could grow vegetables. Since we can't support a full grocery store in town, I'd like to see a central space downtown host a regular farmer's market and craft fair, maybe on a weekly basis. Prospective locations (Festhalle parking lot, abandoned grain mill, old train depot, Willamette Valley Event Center) must be visible to traffic passing through town on Hwy.214, and must have parking. I'd like the City, Chamber, and other community groups to study the changing nature of the greater Mt. Angel area--the area's demographics are changing, and we cannot meet the needs of the community if we don't know who they are.	Aug 24, 2012 8:50 AM
18	The roads and sidewalks in Mt. Angel are substandard--and that is an understatement. It is hard to "look" good as a community and thus unlikely that much development will take place when a community looks rundown.	Aug 23, 2012 5:29 PM
19	Continue small town atmosphere	Aug 23, 2012 4:06 PM
20	We need to establish both short and long term objectives and strategies to attract business development.	Aug 23, 2012 4:02 PM
21	Develop year-around tourism and hospitality opportunities and infrastructure, not just limiting our tourism to 4 days in September.	Aug 23, 2012 2:46 PM
22	I don't know of anything.	Aug 23, 2012 2:41 PM
23	More business offering paying work	Aug 23, 2012 6:02 AM
24	The police need to be re trained and reminded on the constitution and need to respect the privacy of the people. Oktoberfest needs to be banned from running the city.	Aug 23, 2012 12:23 AM
25	Need to be more supportive and accomodating to new businesses as well as support current businesses.	Aug 22, 2012 6:38 PM
26	We need a grocery store and the parks need to be fixed. The city needs to take care of their property better. Ever heard of an edger or weed wacker. Ebner park needs new play ground equipment & Humpert Park. Fix Sheridan & Garfield Streets. Put a sidewalk on Alder St where there is no sidewalk at all. Fix sidewalks going to the Abbey. Get rid of dandylions & glover at the parks.	Aug 20, 2012 6:30 PM
27	Special treatment for some Businesses having too many sings: too large an area covering driving view. Not enforcing city codes the same for everyone.	Aug 20, 2012 2:27 PM
28	I think that the st. Joseph shelter brings too many transitional families into our community. Yes, we may need migrant workers to help the farmers, but the amount of transitional children that fluctuate in and out if our school district puts severe pressure on the district funding and the teachers when it comes to meeting the adequate yearly progress of the schools as required by the government. A certain percentage of the students must meet or exceed the required scores on the state tests, or I believe the schools receive failing or	Aug 16, 2012 6:41 PM

	conditional results. I recently found out the sisters plan to remodel and expand their shelter to house more families than they currently hold. I think this is a huge concern for the city, mainly for the schools, but also considering that we can never be sure what backgrounds these folks have before they enter our town. It is wonderful to help those in need, but the strain on our schools, our city resources, and our tax dollars needs to be considered as well.	
29	Be more well rounded for the people that live here. Bring our diverse groups together for the common good.	Aug 16, 2012 10:15 AM
30	more activity's for kids during School and summer break	Aug 16, 2012 8:37 AM
31	1. Most councilors are ill-prepared for meetings - many of the issues discussed could have been resolved before meetings. Councilors need class(es) on effective meeting management. 2. Councilors need to begin fulfilling their responsibilities as a legislative/policy-making body, not micromanagers of city staff applying barkdust to the gardens.	Aug 15, 2012 12:54 PM
32	More opportunity in our schools for the kids, and get our core downtown spruced up. Our main street is looking so run down. New Christmas decorations!!	Aug 15, 2012 9:17 AM
33	Stop wasting money resurfacing streets that have already been done. ie:Taylor from Sheridan to Garfield.	Aug 15, 2012 8:17 AM

71	Build a year round economy/attractions either by increased day businesses and/or cultural activities. Great opportunity to utilize German culture & activities; 5K walks, weekend - small activity. We have a food desert - we need to invite Walmart or Target to build a mini-grocery store for a food oasis as they have in Chicago.	Aug 8, 2012 4:59 PM

83	We could use a grocery store. I would like to see some of the one way streets downtown eliminated.	Aug 8, 2012 4:37 PM
84	I feel the Native American in the Glockenspiel's attire doesn't properly depict Native Americans. As a Native American at parades & Oktoberfest I hear rude remarks such as "Nice Dress" and "I hope he's wearing a thong!" I've lived here for almost 3 years and hear it every time.	Aug 8, 2012 4:36 PM
85	Mt. Angel needs to attract a grocery store to the city.	Aug 8, 2012 4:35 PM
86	Take a look at how well lit all areas of town are. Some huge trees obscure the street lights so that 1/2 the block is dark. We like to walk & encourage people to get up & walk but some areas are dark & unlevel - dangerous. Let's encourage our town to exercise!	Aug 8, 2012 4:34 PM

19	People are proud of their ties to the community, its history, and the small town flavor. And for a community to have the services for the elderly and special needs people that we do should be a source of great pride.	Aug 23, 2012 5:29 PM

49	Continued volunteer involvement in the community is critical to maintaining Mt Angel's unique flavor. The Oktoberfest and the good that it is able to do throughout the community needs to be better understood. The tremendous effort that our volunteer firefighters put into protecting and serving our community needs to continue to be appreciated. Our local police force is also important to be maintained at 24/7 levels. You cannot outsource some things and maintain the key essential elements of our community.	Aug 10, 2012 3:48 PM
